

God - in Bondage?

*PRINCIPAL S.S. PRINCE**

God - it is said, is omnipresent,
He is also omnipotent,
He is the Creator and the Preserver,
All animates owe their existence
To His sweet will.

Man - The superior-most creation of the Almighty,
Has virtually imprisoned God:
In temples, mosques and churches
And other such-like places of worship.

'God' is encaged in glass-frames,
He is confined to marble figures,
In helplessness, buried in floral tribute!

Let us liberate 'God'
And restore to Him
To His rightful place:
In the Heart of Man!
