Brethren, We are in human bondage,
In blood, in near and dears,
Above all, in one God.
The whole universe:
The sun, The Moon,
The Birds, The Animals,
The Trees, you and me,
And all souls are
Offshoots of Supreme Soul.
A single movement,
That goads everything,
The entire Cosmos,
The Divine soul pervades through out.
One life in all manifestations,
In all bodies and things
There is, One God Almighty
Without any reservations
Brethren, Love and Serve all
As Sayeth glorious Guru Nanak.
