Sikhism - my Faith - is all about being true to myself as well as others.

Or, maybe, it's about thinking for others more than for yourself.

Or maybe it's about serving humanity.

It can also be said that it is about desiring union with Waheguru Ji.

Also it can be said that it's all about adoration of God and implanting all those qualities in one's life.

Maybe I am too confused

But of one thing I am very sure which:

My faith is better than anything else which exists....

Thus let me say I am proud to be a Sikh.
