Dharma is Omnipotent Cosmic Moral Law
That pervades Space-'n'-Time of the Universe.
Nature is God's own Might that inspires awe
Impelling mortals to speculate and write verse.
Religion seeks to re-unite via the path of *dharma*
The lost soul-bride with her Husband divine,
By exhorting her to perform righteous *karma*
Beyond the tangled mesh of 'me' and 'mine'.
Unhampered remembrance of God is the *mantra*
Socially-beneficent action's the approved *karma*.
Fear of Death is a companionable *yantra*
While honest livelihood is the best *dharma*.
All other thoughts, words, and deeds are in vain
And prevent humans from becoming
humane!
